- [Laminating Sheets](#)
- [Keychain Bracelets](#)
- [Circle Cutter](#)
- [Hole Punch](#)

EDITABLE DIGITAL TEMPLATE

I've made the [Canva digital template](#) available to use so you can edit it directly.

INSTRUCTIONS

1. Open the template in your favorite image editor (I use [Canva](#))
2. Paste the bride's QR code, covering where it says "Paste QR Code Here"
3. Adjust printer settings to print without margins and to print double-sided
4. Cut out and laminate
5. Cut out, leaving room at the top for a hole
6. Punch a hole at the top and add a bracelet
